

# Rostering in 3 minutes

1. Go to my.pltw.org and select “My Sites”

2. Select “Create New Classroom”

3. Fill out the form and select “Create classroom”

**You're done!**

## Why roster?

*I just screenshare the content for students. Why do I need to roster?*

Rostering helps create a better product for you. PLTW uses the accurate counts of how many students are in a class to make decisions like updating kit content.

## Have more questions?

- *What values should I put in the form?*
- *How do I generate a link my students can use to join my class?*

These questions and more can be found in PLTW's comprehensive guide: [Guide to Creating Classrooms](#)
